Chastity	Temperance	Charity	Diligence	Patience	Kindness	Humility
Prudence	Justice	Remediation	Courage	Faith	Hope	Compassion
Joy	Anger	Anxiety	Pensiveness	Grief	Fear	Fright

The principal categories of existence fall into "17" rows of "7" subjects, whereas the selection and combination of items relative to the self extend into the universe and can be seen as help and use for law and energy by any and all willing to participate for the good of what may be.

By making data available to a Global Actuary Investor Authority (GAIA), large scale problems can be seen and dealt with at an appropriate level establishing Relative Energy Equal Pay (REEP) given the importance and duration with a Community of Interest (COI) and body of evidence being made apparent through scientific means of adjusting social norms and morays with Big Data.

Imagine logging onto your account daily and organizing your work according with the following keyword categories and situations where Questions result in Answers, and Answers can provide well-formed Questions:

1. NAC EarnedPath Resource Prime Matter Cybernetics GiantERP
2. Water Food Shelter Work Love Overall Always
3. Weather Which Entity Thought Energy Sound Good
4. Engage Connect Collaborate Transact Mobile Analytics Learn
5. Self Family Community Nation Plane World Universe
6. Personal Public Private Syntax Class Method Variable
7. Social Economic Political Legal Technical Administrative History
8. Physical Data Network Transport Session Presentation Application
9. Of Order Wisdom Belief Power Imagination Will
10. Principle Mind Soul Spirit Life Truth Evol
11. With Who What Where When Why How
12. Help Use Energy Law Common Risk System
13. Lust Gluttony Greed Sloth Wrath Envy Pride
14. Grammar Rhetoric Logic Arithmetic Geometry Music Astronomy
15. Chastity Temperance Charity Diligence Patience Kindness Humility
16. Prudence Justice Remediation Courage Faith Hope Compassion
17. Joy Anger Anxiety Pensiveness Grief Fear Fright

ERES PlayNAC “HowWay”

- AnswerQuestion is dependent on “your” Dictum rating, which is a function of “ABC” digital record, or else biometric confession in the moment
- A well-formed answer relates the question context and must conform to rules based assignments leading to output
- Every principal keyword forms the basis for a COI, which can involve many sub-domain COIs, down to three levels = GAIA
- Every domain is User/GROUP controlled and regulated:
- EVERY LEVEL HAS RULES BASED ANSWERS DEFINING WELL-FORMED QUESTIONS = SCIENTIFIC METHOD
- LEVEL CONTROLS: first level (WHO Self) = personal, second = public (WTO COI), third = private (WIPO GAIA)
- EVERY GAIA “VOTE” CONSTITUTES A GLOBAL RULING CONCERNING A SPECIFIC USER/GROUP “DOMAIN”
- Big Data forms an initial “BASIS” for GAIA (AI) rulings concerning a domain, or keyword within a domain
- Domain “Intelligence Stacks” represent numeric values used for calculating Dictum and INPUTs relative to User/GROUPs
- Domains are classified according with Five (5) Principle AREAS of Distinction: ICARA SECUIR GUNNYSACK VERTECA EARNEDPATH
- ruling "governance framework" uses environment and history to classify social, economic, political, legal, technical and administrative
- SEE ERES RMGLZ Imaginics: https://drive.google.com/open?id=100PZkduW9qgWwZbXld33q2X7q7_qni1uUf8XHBgxDY4
- **NOTE:** Non-Punitive Remediation is a function of Paineology: https://drive.google.com/open?id=1qUi_S7pALLa4msm8L8NGYtKMjN6Dt6SjF_QHTAULK5k
- **KEY:** GAIA = Global Actuary Investor Authority (23 Principal Industry Domain Leaders), contingent on WHO WTO WIPO
- **COMMENTARY:** The calculus for defining GAIA is subject to PlanET UNI.verse, and $S=E/23(1/x)$ $\#C=R^*P/M$ $@A=C(ME)^{23}$
