Preamble

This document constitutes the current running keyword register for the ERES Institute for New Age Cybernetics, organized under the Talonics nomenclature system. Talonics refers to the symbolic-semantic resonance architecture — the semiotic overlay of keyboard/finger symbolic resonance within the HFVN reference architecture. Every term listed here carries operational meaning within the ERES framework and is anchored to the foundational equation C = R × P / M (Cybernetics = Resource × Purpose ÷ Method).

The glossary is organized into twelve functional categories reflecting the architecture of New Age Cybernetics: Foundational Systems, Governance and Constitutional, Economic and Financial, Environmental and Ecological, Identity and Security, Scientific and Measurement, Healthcare and Human Development, Smart City and Infrastructure, Consciousness and Interface, Legal and Certification, Epistemological and Methodological, and Additional Operational Terms. Updated March 20, 2026 with GitHub Support-Documentation data load cross-reference: PATRIOT DIVIDEND, SPT (Spirit Trinity), LongLat-SROC, and CHINA-Prelude added.

Established February 2012. Three eras: CyberRAVE (pre-1997–2007), SaleBuilders (1997–2012), ERES Institute (2012–present). Foundational principle: “Don’t hurt yourself. Don’t hurt others. Build for generations to come.”

I. Foundational Systems

NAC — *New Age Cybernetics*

Civilization-scale coordination framework harmonizing technology, ecology, and human potential through resonance-based governance and multi-generational planning. Operationalized through VERTECA (simulation), PlayNAC (gamification), EarnedPath (progression), and GERP (resource planning).

Category: Core Framework

ERES — *Empirical Realtime Education System*

Core operational framework for real-time education, monitoring, and adaptive knowledge transfer. Replaces static curricula with dynamic, context-responsive systems. Also the name of the Institute itself.

Category: Core Framework

C = R × P / M — *Cybernetics = Resource × Purpose ÷ Method*

Foundational equation anchoring all ERES work. Expresses that cybernetic outcomes are a function of available resources multiplied by clarity of purpose, divided by method efficiency.

Category: Triune Math

M × E + C = R — *Matter × Energy + Constant = Reason*

Second canonical key of ERES Triune Math. Establishes the relationship between physical substrates and rational outcomes.

Category: Triune Math

REAL = (E·M·R) / (T·S) — *Energy · Matter · Resonance / Time · Space*

Third canonical key of ERES Triune Math. No repeated letters. The ERS/ST variant is an acknowledged error as S repeats.

Category: Triune Math

CyberRAVE — *Remote Access Virtual Environment*

Virtual reality environment for remote commerce and social interaction (virtual 'Retail Centers'). Pre-1997 era construct. The 72 Key Domains were derived from constraint-based culling of the Register of Collective Indices during Global_VPN work.

Category: Historical

Talonics — *Symbolic Semantic Resonance (HFVN Reference-Architecture)*

Study of symbolic and semantic meaning in touch/keyboard interaction with resonance principles. Semiotic overlay of keyboard/finger symbolic resonance. Universal gestural communication system: non-verbal, cross-cultural, emergency-protocol capable.

Category: Core Framework

PlayNAC — *New Age Cybernetic Game Theory*

Gamified implementation platform transforming NAC concepts into interactive quests, collaborative challenges, and competitive leaderboards. Integrated with VERTECA for simulation, EarnedPath for skill progression, and GERP for resource management gameplay. PlayNAC KERNEL is the core codebase.

Category: Core Framework

EarnedPath (EP) — *EP = CPM × WBS + PERT*

Transparent merit recognition pathway integrating Critical Path Method, Work Breakdown Structure, and Program Evaluation Review Technique for skill progression tracking and training.

Category: Core Framework

GAIA — *Global Actuary Investor Authority / Global AI Assistance*

Global-scale economic and resource management system. Connected metrics include GRS (GAIA Resource Score) and NGI (National GAIA Index). Requires validated 1000-Year Future Map.

Category: Core Framework

CCAL v2.1 — *CARE Commons Attribution License v2.1*

ERES proprietary open-source licensing framework. All ERES publications operate under this license.

Category: Core Framework

II. Governance and Constitutional

CBGMODD — *Citizen Business Government Military Ombudsman Dignitary Diplomat*

Stateful taxonomy defining seven societal role-classes. Original contribution to governance architecture. Enables differentiated access, accountability, and protocol across all ERES systems.

Category: Governance

SOMT — *Sociocratic Overlay Metadata Tapestry*

Transparent rating system for entities based on comprehensive resonance metrics. Formula: SOMT = α·ARI + β·ERI + γ·Contribution + δ·Transparency. Weaves all system layers into governance metadata.

Category: Governance

ECVS — *Electronic Cybernetic Voting System*

Cybernetic voting system operating as the Governance dimension of LOGOS. Enables sociocratic decision-making at municipal and higher scales.

Category: Governance

NPR — *Non-Punitive Remediation*

Paradigm-shift legal framework replacing punishment with biometric rehabilitation. NPR Law integrates with PlayNAC governance for auto-recovery mechanics. Now formalized through NPR v3.0 FINAL with HowWay Declaration.

Category: Governance / Legal

Storm Party — *Climate-Resilient Smart City Strategy*

Community resilience protocol for climate-resilient smart cities. Functions as both governance model and physical infrastructure planning framework.

Category: Governance

FAMITY — *Family-Anchored Merit Integration Technology for Youth*

Framework ensuring family stability is integrated into merit-based governance systems. Youth development anchor.

Category: Governance

REACI — *Resonance-Enhanced Autonomous Community Infrastructure*

Protocols activating community-level autonomous governance. Deployed at city scale within ERES implementation roadmap.

Category: Governance

EMCI — *Emergency Management Critical Infrastructure*

Emergency response and critical infrastructure governance framework.

Category: Governance

DOFA — *Department of Family Affairs*

Proposed governmental body integrating family consciousness metrics into policy. Counterpart to DOGE efficiency frameworks.

Category: Governance

COI — *Circle of Integrity*

User-GROUP governance structure for Smart-City communities. Establishes trust boundaries and verified participation. COI Charter formalizes participation requirements.

Category: Governance

III. Economic and Financial

UBIMIA — *Universal Basic Income Merit Investment Awards*

Economic distribution system combining unconditional baseline support with achievement-based rewards. UBIMIA = UBI + Merit × Investment ± Awards. Balances security with motivation for contribution. Delivered “relatively free” through SCALULAR certification.

Category: Economics

Meritcoin — *Merit-Based Cryptocurrency Token*

Blockchain-based token tracking skill progression, contribution achievements, and collaborative value creation. Earned through GCF contributions and PlayNAC quest completion.

Category: Economics

GraceChain — *Restorative Justice Blockchain Ledger*

Blockchain ledger recording remediation pathways and restorative justice outcomes. Tracks error-to-learning transformations, creating transparent accountability without punitive consequences.

Category: Economics

GCF — *Graceful Contribution Formula*

Formula for calculating merit-based contributions. Feeds BERC (Bio-Ecologic Ratings Codex). Core input to UBIMIA distribution calculations.

Category: Economics

SROC — *Smart Registered Offset Contract / Smart-Resonant Offset Contract*

Environmental credit system with dynamic value modulated by resonance metrics. Formula: SROC_value = baseline × f(ARI, ERI). Game-theoretic equilibrium analysis formalized in ERES-SROC-WP-2026-001.

Category: Economics

REEP / REEPER — *Relative Energy Equal Pay / Emergency Room*

Equal pay delivery system anchored to energy-equivalence metrics. REEPER extends to healthcare contexts: BEST Bio-Ecologic Signature Time Present.

Category: Economics

CARE-BONDS — *Community-Anchored Resonance Economy Bonds*

Financial instruments replacing taxation with voluntary resonance-backed investment. Part of the 401(k) Soft Landing framework.

Category: Economics

ILO — *International Land Ownership*

Framework mapping Personal/Public-Private stewardship classes to C = R × P / M. Formalized in ERES-HOW-ILO-2026-001.

Category: Economics

GERP — *Global Earth Resource Planner / Giant Earth Resource Planning*

Planetary-scale resource allocation system optimizing work-leisure-consumption balance. Formula: SOMT × BERC × (ERI/ARI). Includes Vacationomics framework for intergenerational wellbeing.
Category: Economics

FBEA — *Faith-Based Economic Algorithm*
Algorithm integrating values-based decision factors into economic allocation systems.
Category: Economics

PATRIOT DIVIDEND — *People · About · Time · Real · Indio · Offer · Tame*
Trilayer construct following SPT template. Layer 1 (Operational): People About Time Real Indio Offer Tame — seven words reflecting the generational tree metaphor. Layer 2 (Phonetic-Semantic): Pay (A) Tree O.T. — paying the best tree for providing more than should be expected, over-time. Consistency Rings True (tree rings = time rings = proof of sustained growth). Layer 3 (Essential): Patriot — citizen duty and generational stewardship. DIVIDEND is intentionally left open for future vocabulary growth potential. Connected to SPRUTE (sprout/seed), 401(k) Soft Landing, UBIMIA economics, and the 1000-Year Future Map.
Category: Economics / Nomenclature

LongLat-SROC — *Longitude/Latitude Smart-Resonant Offset Contract*
Geospatial extension of SROC integrating geographic coordinate data into offset contract valuation. Binds SROC_value to specific territorial positions, enabling location-aware resonance scoring and jurisdictional BERC/JERC alignment.
Category: Economics / Geospatial

IV. Environmental and Ecological

NBERS — *National Bio-Ecologic Resource Score*

Measures ecological carrying capacity and sustainability at national/regional scales. Formula: (Regenerative_capacity − Consumption_rate) / Carrying_capacity_baseline. NBERS > 1.0 = net regenerative; < 0.5 = ecological crisis. Proposed GDP alternative.

Category: Environmental

PBJ Tri-Codex — *PERC / BERC / JERC*

Three-part environmental and social impact rating system measuring regenerative impact versus extractive cost. Planet-Biome-Jurisdiction hierarchy.

Category: Environmental

PERC — *Personal Emission Resonance Codex*

Measures individual bio-energetic emissions and signatures. Tracks personal coherence and resonance patterns via Kirlianography and BEST.

Category: Environmental

BERC — *Bio-Ecologic Ratings Codex*

Evaluates ecological sustainability: carbon sequestration, biodiversity, water quality, soil health, air purity, renewable energy, waste reduction. Used in calculating NBERS.

Category: Environmental

JERC — *Justice Evaluation Resource Codex*

Assesses basic needs access, healthcare equity, education opportunity, economic fairness, governance participation, conflict resolution, and NPR implementation.

Category: Environmental

GSSG — *Global Solid-State Green (Energy Infrastructure)*

Renewable energy infrastructure and production framework. Integrated into ERES implementation roadmap with specific tonnage targets.

Category: Environmental

GAIA SOMT GEAR — *Combined Governance-Environment Protocol*

ERES posits THOW + FDRV + HFVN creates EDF with GAIA SOMT GEAR. Integrated planetary coordination stack.

Category: Environmental

V. Identity and Security

FAVORS — *Fingerprint Aura Voice Odor Retina Signature*

Six-factor biometric identity system defining six degrees of separation for CBGMODD role-classification. Enables biometric commerce, semantic ontology, and identity-verified participation across all ERES systems.

Category: Identity

IDIPITIS — *Immutable Digital Identity Protocol for Integrity, Trust, and Institutional Security*

Four-layer security foundation: (1) Cryptographic permutation, (2) FAVORS biometric stack, (3) Triune Math validation, (4) BEST temporal signatures. Clean signal origin for all downstream systems.

Category: Identity

SECUIR — *Security Clearance User Integrity Rank*

Security clearance and integrity ranking system. Silent Energy Circular Universe Infinite Rotation (EP). Prerequisite for GEAR access, which enables NRP. Formula: E × R × VRD + G = SECUIR.

Category: Security

BEST — *Bio-Electric Signature Time*

Bio-energetic signature protocol measuring HRV inter-beat interval coherence at ~0.1 Hz. Validated across 1.8M+ sessions. Temporal binding of data to specific biometric-temporal coordinates.

Category: Biometric

EPIR-Q — *Emotional Personal IQ Real Quantum*

Noise filter running across FAVORS input. Low EPIR-Q = high interference = attenuated passage. High EPIR-Q = clean signal = full force multiplication downstream.

Category: Identity

VI. Scientific and Measurement

BERA — *Bio-Energetic Resonance Architecture*

Umbrella framework for the four resonance indices. BERA-PY is the Python implementation library.

Category: Measurement

ARI — *Aura Resonance Index*

Absorption/aura coherence measurement. One of four BERA Resonance Indices. Uses Kirlianography (Kirlian Effect, Fourier Analysis, Munsell Color System).

Category: Measurement

ERI — *Emission Resonance Index*

Emission tracking and measurement. Composite score (0–1000) from weighted PERC, BERC, JERC measurements. ERI < 0 indicates net regenerative impact.

Category: Measurement

RHC — *Resonant Harmony Cycle*

Third of four BERA Resonance Indices. Note: RHC = Resonant Harmony Cycle, NOT Resonant Harmony Cybernetics. Canonical expansion preserved across all ERES contexts.

Category: Measurement

RCI — *Resonant Continuity Index*

Fourth BERA Resonance Index. Formula: RCI = P_Ω_norm × ARI_sys × VibConst. Co-developed with Jimmy D. Butzbach's Continuity Theory. Specified in RCI Specification v1.0.

Category: Measurement

MIEVM — *Multi-Instrument Ensemble Validation Method*

Structured epistemological protocol deploying Claude, Grok, DeepSeek, and ChatGPT as parallel validation nodes. Culled from a larger original ensemble due to bandwidth constraints — same constraint-based culling epistemology that produced CyberRAVE's 72 Key Domains. Operates as Instrument-of-Faith.

Category: Epistemology

ESVRD / VRD — *ERES Sequence Vacuum Resonance Drive / Vacuum Resonance Drive*

Empirically grounded propulsion white paper (v4.0) anchored to Hyland 2025 epitaxial semiconductor data. Exploits Dynamical Casimir Effect with asymmetric cavity geometry. Falsifiable Phase 1 experiment design included.

Category: Propulsion Science

SOUND — *Signal-Coherence in Operator Voice/Acoustic Interface*

Voice jitter (<1%), harmonic-to-noise ratio (>20 dB), spectral entropy. Standard DSP metrics applied to human-system coherence measurement.

Category: Measurement

GOOD — *Governance-Oriented Operational Design*

Merit-based access protocols. Explicitly separated from physics — governance protocol via PlayNAC and NPR Law.

Category: Measurement / Governance

VII. Healthcare and Human Development

NHAM — *NAC Holistic Assessment Methodology*
Holistic assessment methodology for human development within the NAC framework.
Category: Healthcare

PRI — *Pain Reduction Index*
Metric quantifying reduction in various forms of human and ecological suffering.
Category: Healthcare

EHC — *Earned Happiness Coefficient*
Metric tracking earned wellbeing outcomes correlated with contribution and coherence.
Category: Healthcare

HPE — *Human Performance Enhancement*
Human performance optimization framework within ERES systems.
Category: Healthcare

Paineology — *Study of Pain and Suffering Systems*
Analytical framework for understanding and quantifying suffering systems. Feeds into Meritcology chain: Paineology → Meritcology.
Category: Healthcare

VIII. Smart City and Infrastructure

LOGOS — *Locational, Organizational, Governance, Operational, Societal*
Five-dimensional Smart-City framework. ECVS operates as Governance dimension. Physical landing layer for the full ERES stack.
Category: Infrastructure

VERTECA — *Virtual Environment for Real-Time Empirical Cognitive Advancement*
4D+ AR/VR platform enabling multi-generational scenario simulation, bio-ecological interface integration, and empirical validation of NAC principles. Immersive chassis for the SOUND-Loop stack.
Category: Infrastructure

THOW — *Tiny Homes On Wheels*
Recycled-material housing with integrated Property, Aura-Technology, and bottom-up/top-down Bio-Ecologic Economy. Physical deployment unit in ERES roadmap.
Category: Infrastructure

FDRV — *Fly & Dive RV*
Spaceship Futures vehicle concept. Proposals v3→v4 targeting Game Composites (game.aero). Self-fueling mechanics formalized.
Category: Infrastructure

HFVN — *Hands-Free Voice Navigation*

Interface technology enabling universal access to NAC systems through voice commands. H2C/C2H (Human-to-Computer, Computer-to-Human) communications system for VERTECA. Central to operationalizing the Spaceship Economy.
Category: Interface

GSCDP — *Global Smart-City Development Program*
Global-scale smart city deployment program integrating all ERES systems.
Category: Infrastructure

IX. Consciousness and Interface

Ionics — *<eye> on icks*

Perceptual-semantic epiphany layer. Where raw filtered signal becomes understood: hue-man (full frequency human experience) × see-man-ticks (semantics) = Knowledge BANK. Consciousness interface, not a data layer.

Category: Consciousness

Semiosphere — *Meaning × Media ÷ Noise*

The collective meaning-field: sphere of meaning-making and signs constituting culture and communication. Surrounds the Perciphere.

Category: Consciousness

Perciphere — *Personal Perception Sphere*

Personal perception sphere of each HUE-MAN. Nested within the Semiosphere.

Category: Consciousness

Enneagrammatics — *Persona Mapping System*

Personality and consciousness mapping system within ERES. New construct introduced in 2025–2026 production period.

Category: Consciousness

DTBL — *Drive-Train Battery Loop*

Physical energy foundation of the SOUND-Loop chain. Spinning wheels, rotors, kinetic systems generate electricity via back-EMF, Seebeck thermal conversion, and piezoelectric coupling. Scalular 0.

Category: Energy

VECTOR — *Values-Enhanced Cybernetic Topology for Operational Resonance*

Operational topology construct introduced in the 2025–2026 production period.

Category: Consciousness

HUE-MAN — *Full-Frequency Human Experience*

Distinct from HUMAN. The hue-man construct acknowledges the full electromagnetic frequency spectrum of human experience, not just rational cognition. Canonical distinction: HUE-MAN ≠ HUMAN.

Category: Consciousness

X. Legal and Certification

SCALULAR — *Scalable Certification Architecture for Lifelong Universal Learning and Adaptive Resilience*

Positional advantage within a living system — a node where the system's own dynamics do the heavy lifting. Four certification pillars: HEALTH (SSHP), LAW (SSLA), PROTECTION (SSPS), SKILLS_TRADE (SSST). Tier 1 baseline = SSSC.
ERES-SCALULAR-ENGINE-2026 is a 10-part, 323-paragraph perpetual legal instrument.

Category: Certification

SSSC — *Solid-State Smart-City Citizen*
Tier 1 baseline credential in the SCALULAR framework. Entry-level certification for participation in ERES-governed smart city systems.
Category: Certification

SSHP — *SCALULAR Health Pillar*
Health certification within SCALULAR architecture.
Category: Certification

SSLA — *SCALULAR Law Pillar*
Law certification within SCALULAR architecture.
Category: Certification

SSPS — *SCALULAR Protection Pillar*
Protection certification within SCALULAR architecture.
Category: Certification

SSST — *SCALULAR Skills/Trade Pillar*
Skills and trade certification within SCALULAR architecture.
Category: Certification

CERT:TETRA — *Tetrahedral Certification Protocol*
Four-node certification geometry. MIT-TETRA LOI bridges theory and implementation.
Category: Certification

SEPLTA — *Six-Domain Cross-Integration Protocol*
Six-domain integration protocol covering comprehensive cross-system validation.
Category: Legal

XI. Epistemological and Methodological

BEST / SOUND / GOOD — *Bio-Electric Signature Time / Signal-Coherence / Governance-Oriented Operational Design*

Tri-modal validation framework. BEST = measurable biometric (HRV ~0.1 Hz). SOUND = acoustic coherence (voice jitter, HNR, spectral entropy). GOOD = governance protocol (PlayNAC, NPR Law). Morally vectored toward best/sound/good end-outcomes.

Category: Epistemology

Twin Messiah — *JAS × EMA*

Joseph Allen Sprute × Emanuel M. Alexiou. Numerological: 36 × 2 = 72. Requires DAL as hinge.

Category: Numerology

DAL — *Dual Reference: Dalia / His Holiness the Dalai Lama*

Hinge between personal ground (Dalia, spouse, nickname Lucy) and spacial-tier spiritual legitimacy (HHDL). Bridges the living and the SPRT.

Category: Numerology

SPRT — *Spiritual-Public-Record-Trust*

The private/public ‘disguise’ between the living and SPRT is identified as the wealth-hoarding mechanism. Extraction of private epistemology into public record = sharing true wealth.

Category: Epistemology

SPT — *Spirit Trinity (SPRT Abbreviation)*

Trilayer construct. Layer 1 (Operational Pillars): SECURITY · PRIVACY · TRUST. Layer 2 (Phonetic-Semantic): SPRUxTE — pronunciation carrying Medieval-Context and INTENT. MIT-SPRU-BAIDU = TETRA (Spaceship Economics). TE = Time & Energy → source for M+E (Matter & Energy). Operational output: THOW · HFVN · FDRV · GSSG. Layer 3 (Essential): Spirit — SPRT abbreviation. Follows the same trilayer resonance architecture as PATRIOT.

Category: Epistemology / Security

CHINA-Prelude — *China Adaptation Framework*

Pre-deployment framework for adapting ERES systems to Chinese institutional, economic, and cultural contexts. Documented as ERES_CHINA-Prelude. Integrated into 401(k) Soft Landing v2.0 with MIEVM Validation Record. Part of cross-Pacific collaboration strategy alongside SYU JIA WUN.

Category: Geopolitical / Adaptation

72 Key Domains — *CyberRAVE Domain Register*

Equal to the gematria of “Joseph Allen Sprute” (216/3 = 72). Derived from constraint-based culling of the Register of Collective Indices based on financial capacity to renew TLD VPN-centric domain names during Global_VPN work (pre-1997).

Category: Numerology

216 — *Full Gematria of Joseph Allen Sprute*

72 × 3 = Triune expression. DOB circuit: 10+26=36, 36×2=72 (Twin Messiah), 72×3=216.

Category: Numerology

SPRUTE — *Seed Metaphor (Two Syllables: SPRU-TE)*
Pronounced as two syllables. Carries the “sprout” seed metaphor. Bella Vista = Beautiful View.
Category: Nomenclature

XII. Additional Operational Terms

GEAR — *Global Earth Applications Recorder*
Planetary activity ledger. Enabled by SECUIR. Enables Natural Resonance Processing (NRP). Real-time global applications tracking.
Category: Operations

GEL — *Global Energy Ledger*
Energy tracking and accounting system at planetary scale.
Category: Operations

DEE — *Dynamic Energy Equalization*
Energy distribution balancing protocol.
Category: Operations

EDF — *Earth Defense Force / Federation / Framework*
Multi-meaning term for planetary defense, data architecture, and dignity frameworks. Created by THOW + FDRV + HFVN with GAIA SOMT GEAR.
Category: Operations

BEE — *Bio-Ecologic Economy*
Includes biometric check with User-GROUP SLAs. Enabled by FAVORS with NBERS, BERC, GCF, UBIMIA.
Category: Operations

Resonance Equilibrium (RE) — *Game-Theoretic Optimal State*
State where collective strategies optimize both individual utility and systemic ARI+ERI metrics. Contrasts with Nash Equilibrium’s focus on individual optimization alone.
Category: Game Theory

SOUND-Loop — *Signal-Coherence Operational Loop*
The operational spine of the ERES architecture. The Scalular chain runs through it: DTBL → IDIPITIS → NBERS → Ionics/Talonics → VERTECA → GSSG/GERP → return to Uuu (WE).
Category: Architecture

Scalular Chain — *Positional Advantage Architecture*
Five Scalulars plus Exit layer: (0) DTBL, (1) IDIPITIS, (2) NBERS, (3) Ionics←Talonics, (4) VERTECA, (Exit) Talonics RAW → GSSG. Each is a LaGrange Point — stable transfer node.
Category: Architecture

Protosphere — *Pre-Conscious Signal Layer*

Layer preceding conscious semantic processing. Feeds from Talonics RAW to GSSG/GERP.
Category: Architecture

Uuu (WE) — *Ground State / Collective Origin*
Starting and return point of the SOUND-Loop. Collective ground state from which signal originates and to which coherence returns.
Category: Architecture

RKA-3 — *Resonant Kinetic Accumulator (3rd Generation)*
Adapts harvested energy to match downstream system's resonance window. Guided by ARI/ERI scoring.
Category: Energy

Kirlianography — *Kirlian Effect + Fourier Analysis + Munsell Color System*
Technical measurement arm for bio-energetic signatures. Basis for ARI measurement and legal NPR evidence.
Category: Measurement

SYU JIA WUN — *Independent Researcher, Taiwan*
First cross-Pacific ERES co-author. Referenced in ESVRD for paradox consistency (悲論一致性) and resonance-as-information-structure contributions.
Category: Collaboration

XIII. Key Publication Record (2025–2026)

ESVRD v4.0 — Empirically grounded propulsion white paper (Hyland 2025 anchor)

CBGMODD Stateful Taxonomy — Original governance contribution

ERES-HOW-ILO-2026-001 — International Land Ownership framework

ERES-SROC-WP-2026-001 — Smart-Resonant Offset Contracts

401(k) Soft Landing v2.0 — Including China Adaptation Framework and MIEVM Validation Record

GAIA SOMT GEAR v2.0 — Integrated planetary coordination

ERES Complete Description-Corpus — 491 paragraphs, 12 parts

FAVORS-BERA White Paper v6.0 — Submitted to DBDM 2026 (Sydney)

NPR v3.0 FINAL — With HowWay Declaration

GSSG v3.0 — Global Solid-State Green

ERES Government Partnership Brief — Translated into 7 languages

ERES-HAGUE-2026-001 — Formal Hague submission

ERES-SCALULAR-ENGINE-2026 — 10-part, 323-paragraph perpetual legal instrument

ERES Trilogy (Books 1–3) — One Good/UBIMIA, Security-Clearance/IDIPITIS-NBERS, Data-Integrity/FAVORS-CBGMODD-GAIA-SOMT

BERA-PY — Python library for bio-energetic resonance analysis

RCI Specification v1.0 — Resonant Continuity Index (with Butzbach)

ERES TRANSMISSIONS #01–#04 — Serial publication series

300+ publications on ResearchGate

ERES PATRIOT DIVIDEND v4.0 White Paper — Academia.edu bundle + BUILD archive

ERES_CHINA-Prelude — China Adaptation Framework

ERES_LongLat-SROC — Geospatial SROC extension

ERES_SPT — Spirit Trinity (Security-Privacy-Trust)

ERES Claude DeepSeek Grok Workforce LLM — MIEVM operational archive (MD + PDF)

GitHub Support-Documentation Repository — 22 commits, 33 files, backup 3-15-26

END OF GLOSSARY

ERES Institute for New Age Cybernetics — Est. February 2012

"Don’t hurt yourself. Don’t hurt others. Build for generations to come."
