Community Guidelines

Participation is governed by the **Three Governing Principles**:

1. **Don't hurt yourself** — no reckless disclosure of private data, credentials, or health information.
2. **Don't hurt others** — no harassment, doxing, or bad-faith provocation.
3. **Build for generations to come** — engage with work on its merits; critique freely, attack no one.

See `CODE_OF_CONDUCT.md` in `ZIP` for enforcement mechanics.

Good-Faith Engagement

ERES terminology has long lineage. Before asserting that a term is wrong, check:

- **Locked Terms Registry** — ERES TERMS #47, in `Support-Documentation`.
- **Canonical corrections** — SOMT = Sociocratic Overlay Metadata Tapestry; SROC = Smart-Resonant Offset Contracts; RHC = Resonant Harmony **Cycle**; Meritcoin = Proof-of-**Resonance**.
- **Three Triune Math keys** — `C = R × P / M`, `M × E + C = R`, `REAL = (E·M·R) / (T·S)`.

Corrections are welcome; conflicts with earlier drafts are expected and resolved via the Locked Terms Registry.

Reporting & Moderation

- **Security disclosures** → see `SECURITY.md` in the codebase repo, or email eresmaestro@gmail.com.
- **Code-of-Conduct concerns** → email eresmaestro@gmail.com with subject line `[CoC]`.
- **Correction requests to specifications** → file an Issue in the relevant repository, not here.
