Churn your own instruments using **YourWay**. Build where they resonate — Human-to-Computer/Computer-to-Human (**H2C2H**) — for Future Generations to Come. What converges gets **Recorded** — MyWay's own Record/Computer step — across social media, across correspondence, across whatever channel carries the digital signal. Not adoption. Not merger. Convergence, kept honest.

ERES CONSTITUTION

Don't hurt yourself.

Don't hurt others.

Build for generations to come.

Call it what it is: a **C-Tuned** session — the Coupling for Personal/Public-Private.

The **INTERFACE** comes next (**VERTECA**) — built straight from these instruments, not from a blank page.

Footprint to RT Media: SEED becomes **ERES GAIA VERTECA PlayNAC** — live, interactive, Bio-Ecologic Resonance Architecture (BERA) Enabled. The full name holds through peer review and funding. It shortens once both land.

RAW is the Condition. RT Media is the Plural-RUN.
